Interesting Innovation Arranged This Year For Mardi Gras

KING REX WILL ARRIVE MONDAY

Plans For Coronation Are Well Advanced Says Committee

(Associated Press)

MOBILE, Ala., Feb. 13-With many new and interesting innovations to add to the general touch of mystery, King Felix, the ruling spirit of Carnival, will arrive in Mobile at 11:00 o'clock on the morning of February 23 from the Royal Yacht "Tallapoosa" to preside in the annual celebration of Mardi Gras.

The festivities will be ushered in with the parade of the Krewe of Columbus, the youngest of the mystics, on Friday night, February 20. The Infant Mystics parade on Monday night. The Knights of Beverly and the Comic Cowboys follow the Felix parade Tuesday afternoon. The order of Myths parade on Tuesday night winds up the celebration.

Upon the arrival of the King Mon-day morning, the parade will begin to Bienville square where the king will be presented with the keys to the city. Scenic artists who have been working on the floats to be used in this parade says that the street pageant this year will be of a much higher type than ever before. Everything is ready needing only the finishim touch of tinsel, it was stated.

Two public balls will be held during the Mardi Gras celebration, one on the Saturday preceeding Mardi Gras day and the other on Mardi Gras. Both balls will be held on the municihal wharf while general masking will feature Mardi Gras day. Prizes have gen offered by several organizations for the best individual maskers.

Officers of the carnival association re as follows: S. H. Peck, chairman fark Lyons, vice chairman, E. Roy Albright, treasurer, J. Paul Wilson secretary and C. R. Little, business

Plans for the coronation are under way by George B. Rogers, chairman of this feature of the celebration while workmen have begun the task of arranging the throne and ball room at the southern end of the docks secording to J. Paul Wilson, secretary of the carnival association.

Efforts to have one of the large seout cruisers of the navy with sever organizations of the cities. eral hundred marines and sailors on board come to Mobile are still under way. Congressman John McDuffie. who has been assigned to this feature of the carnival stated in a let ter to J. Paul Wilson that he expected to have definite information concern ing the cruiser by the end of the

Emergency Hospital Ready To Give First Aid If Spark Of Life Found In Prisoner

CAVE CITY, Ky., Feb. 13.—H. T. Carmichael, in charge of operations, and other officials who went down in the shaft being dug toward Sand Cave, where Collins has been imprisoned for two weeks, came out of the shaft at 1 o'clock this afernoon and announced that hope of rescuing Collins through a tunnel discovered in the shaft 50 feet down would have to be abandoned. The tunnel exploration failed to disclose a passage way.

Digging was resumed in the bottom of the shaft, itself, and Mr. Carmichael said that it probably would take two or three days to reach the 70 foot level, where the plan to began lateral tunnels, in an effort to strike Sand Cave will be begun.

Hope of the rescue of Collins by noon today through the new tunnel attracted hundreds of

Carmichael admitted he still clung to the hope that a cavern or a tunnel will be encountered before the 70 foot level is encountered.

CAVE CITY, Ky., Feb. 13.-H. T. Carmichael and two miners, at 10 o'clock this morning, began exploration of the tunnel found early today in the side of the Sand Cave rescue shaft. All newspaper men and spectators were ordered away from the mouth of the shaft to the top of the hill, 100 feet away.

Additional timber was being taken into the shaft a short time after the newspaper men and some 200 spectators were herded together at the top of the hill.

Dr. William Hazlett, Chicago, in charge of the medical preparations for attending Floyd Collins, if he was found with evena faint spark of life, had completed every detail possible for attending the man if he is found.

Dr. Hazlett is to be sent down into the tun nel as soon as Collins is located, to determine if he is dead or alive, before any attempt is made to remove him.

A report spread to the crowd as rescue party could enter it with e timber was being taken down that | safety. lateral tunnel was being started. No official word to this effect was sage way, leading down into a lime-given out, other than a statement stone cave and miners brought up

CHARLES HEARST TESTIFIES TODAY

Thinks Farm Markets of World Should be Open to America

(Associated Press)
WASHINGTON, Feb. 13-Charges hat Secretary Hoover is "seeking to ominate the agriculture of America" was made before the house agricul-ture committee today by Charles E. Hearst, of Iowa, chairman of the legslative committee of the American Farm Bureau Federation.

In explanation of the assertion the witness produced a magazine article. which the secretary claimed authorship of suggestions contained in the pending Capper-Williams farm relief

While Mr. Hearst was testifying argicultural conference with Chaman Cary, of the cart man Cary, of the

Mr. Hearst said he had been deleated to protest against delay of le slative assistance which congr night be able to offer.

A revised McNary-Haugen bill, authorizing a farmer's export corporasession he declared, adding however he was in favor of any co-operative

The witness asserted the agriculural conference apparently had recmmended the farmers should restrict their crops to the demand of the domestic market, while industry is permitted to go into the world markets and sell at world prices.

Agriculture, he said, should be atlowed to market its surplus in the world markets, or industry should not be allowed a protective tariff.

OFFICERS ELECTED

Work to Start In Few Days on New Valley Court Apartment

Stockholders of the General Construction company at their regular meeting elected the following directors for the ensuing year, W. B. Neher, J. W. Frahn, John A. Thomason George W. Young and H. J. Frahn.

The directors then went into session and named the following officials: A. H. Neher, president; J. W. Frahn, vice president; John A. Thomason, treasurer and Albert R. Frahn secretary.

The meeting of the stockholders was well attended and was held at the company's offices on Johnston street Much optimism was revealed that 1925 would be one of the banner years in construction work in Albany-

It was stated that because of the growth of the business the capital stock has been increased.

Details of the plans for the Valley Court apartments were acted on and it was announced that actual work would be started in a few days.

10--THE CLOTHIE

WALK UPSTAIRS AND SAVE \$5.00 OVER CENTRAL NATIONAL BANK

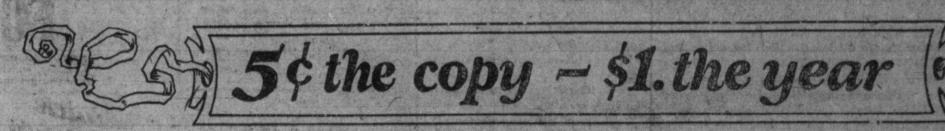

ALBANY-DECATOR DAILY FRIDAY, FEBRUARY IS, 1925

Only fifty cents of the dollar you pay in taxes goes for schools, roads and other public improvements. The rest is waste and "gravy for the boys."

Governor Vic Donahey of Ohio says the taxpayer's dollar is never more than fifty per cent. potent—because of politics.

"It is hard to secure the enactment of any law that has no jobs attached and has nothing to recommend it except its merits," he asserts. Because the voters liked his program of economy, Governor Donahey, a Democrat, was re-elected by 176,000 last November at the same time Ohio went for the Republican President by 700,000.

He has written an article for THE COUNTRY GENTLEMAN that bristles with his fight against wasted taxes—waste that is rampant everywhere. Read Fifty-Cent Tax Dollars, in the February 14th issue now on sale.

Plunder Government

Herbert Quick says that the rotten spot in American politics is county government. County commissions and county courts spend millions and no taxpayer knows where the money goes. Maybe they're honest—surely they're wasteful.... THE COUNTRY GENTLEMAN is advocating reform in county government, with a paid county manager—a business man—in charge. Read The County Ring, in the February 28th issue.

E.Phillips Oppenheim

You're not too late to begin E. Phillips Oppenheim's latest and greatest mystery story—Stolen Idols. It will be followed by Zane Grey's newest novel, The Deer Stalker, and other serials this year by Clarence Budington Kelland and Albert Payson Terhune. You can read them first in THE COUNTRY GENTLEMAN There are two or three short stories each week besides—by, such favorite authors as Edith Barnard Delano, Arthur B. Reeves (Craig Kennedy, detective), Konrad Bercovici and others.

Cow Country Romance

The days of romance and adventure in the Western cow country are gone but not forgotten. When the old trail drivers meet, they tell again the thrilling tales of the long drives from Texas to Montana, of fights with Indians and desperadoes, when a man had to be quick with his rope and quicker with his gun In the February 14th issue of THE COUNTRY GENTLEMAN J. Frank Dobie tells some of the wild adventures of The Old Trail Drivers.

Subscription brings All these Features - regularly

Articles and stories like those described on this page make up the regular content of THE COUNTRY GENTLEMAN. It offers big articles by big men; a weekly radio page; a new women's department (a complete magazine in itself); a new section on flower and vegetable gardening; a weekly page of laughs; dozens of short, snappy, practical farm articles in each issue. At least two short stories and part of a serial are offered every week. If you use NOW the coupon at the lower right, your subscription will include all of The Deer Stalker, a new novel by Zane Grey.

Sin of Home Missions

Competition in religion makes the country church the sore spot in American religious life. Too many churches, or no church at all—this is the story in thousands of communities. Why? Dr. Charles J. Galpin, sociologist of the Department of Agriculture, lays the blame squarely on the boards of Home Missions. His article, The Sin of the Home Missions, in the February 14th issue of THE COUNTRY GENTLEMAN, is brutally frank—but frankly true.

Radio Made Easy

A part of THE COUNTRY GENTLEMAN each week is a radio section, conducted by Henry M. Neely, that will help you to buy or make a set—diagnose your radio troubles and prescribe the remedy.

Another part of THE COUNTRY GENTLE MAN is a women's department that is in itself a weekly women's magazine — with 10-cent patterns, home furnishing, new tested recipes, health and child welfare, and those little helps that make house-keeping easy.

A DAILY PRAYER .- Help us to turn from our sins and perplexities to Thy perfection, heauty and goodness.

Have you likened the position of Floyd Collins in Sand Cave to the consumer who is suffering from the great stone of High Cost of Living. Collins is indeed fortunate, his pet rock is only on one leg, the consumer gets fact that they are located in Limestone county will not

if the present weather reaches the agricultural abode of ly. Colonization across the river from Albany-Decatur is the farmers of the county.

A very hackneyed expression "It's an Ill Wind That the good result of a bridge at this point. Blows Nobody Good," can be brought into use once more.

ner," then we will all be in style with a full fashioned ing in the path of progress almost unsurmountable.

the Chamber of Commerce aside from the other many capital and a bridge across the Tennessee River will be ficial acts of that organization. Nothing in that to among those assets that count the highest. kick about, that is unless you don't want them.

THE SOUTH GOES AREAD.

Income tax collectors for the first half of the present fiscal year from July 1 to December 1, 1924 furnish facts that give the country something to think about. The revenue act provided a 25 per cent annual reduction and receipts from income tax fell off \$40,000.000 and miscellaneous taxes fell of \$67,000,000. Alabama, Florida, Georgia, Kentucky, Louisiana, Misssissippi, Tennessee and Virginia show increases in income tax payments while in other sections of the country there was a decline. This report is tangible evidence that the South is in good financial condition despite the fact that whenever there is rumor of unsatisfactory business conditions elsewhere some are disposed to make a local application. It simply does not fit. Regardless of the situation in the rest of the country, the south is making good progress-Memphis-

THE SHOALS DISTRICT OF THE FUTURE

Col. H. L. Cooper, designer and consulting engineer on the great Wilson Dam, is an enthusiastic booster for the Muscle Shoals District. On his recent visit here he expresse dhimself as more confident than ever that Muscle Shoals would become the center of a wonderful industrial development. He predicted that the bulk of the power generated at Wilson Dam would be used within a thirtymile radius of the point of generation.

Should this prediction come to pass, and most of us believe that it will, the "Blessed Valley" will take on an industrial immortality that will rival the world famous district of the Ruhr in Germany. The Ruhr is a valley was "to save trouble" for representatives of the press of lesser consequence in power and mineral resources Likely enough the effort was not made because Senator than that of the Tennessee yet within its confines in Reed nor other senators had in mind any sinister moveidea of what such an industrial development as lies ahead secrecy. of us can mean.

YOUR INCOME TAX

The basis for computing the amount deductible acquired after February 28, 1913, is, in general, the cost acquired after February 23, 1913, is, i ngeneral, the cost of such property. In the case of property acquired before March 1, 1013, the basis is the cost of the property, or its fair market value as of that date, whichever is greater. To compute the amount of depreciation which may be claimed, the taxpayer should determine the probthe property, then divide by the number of years it will be useful in the business in which employed. The result thus obtained will represent the amount which may be claimed as a deduction. For example, a frame building, the probable lifetime of which is 25 years, cost \$10,000. Divide \$10,000 by 25 and claim \$400 each year

If a taxpayer claims the full amount of depreciation he can not claim as a deduction the cost of repairs to the property during the same year. "Repairs" in this connection means repairs in the nature of replacements to the extent that they arrest deterioration, such as a new

When, in the course of years, the owner of the property has claimed its full cost, no further claim for depre ciation will be allowed.

Deductions for depreciation must be made as a sepa rate item 'of the taxpayer's return, and must be explained by showing separately each class of property ,its cost, estimated life, depreciation charged off for the taxable year and total depreciation charged off for all taxable years.

REMOVAL OF INDUSTRIES FROM THE NORTH ONLY REDOUBLES VALUE OF BRIDGING THE TENNESSEE

Volumes upon volumes have been written from the hand of Roger Babson in the penning of articles taken from the thoughts of the smaller retailers on the subject of the south coming into its own with the removal of the great industries of the east and north to the southern fields. From a recent issue of the Tampa Daily-Times an editorial is devoted to the report of the removal of industries to the southland as reproduced from the Manufacturer's Record.

Coming closer home within the radius of our own hearth stone it seems that the bridging of the rushing waters of the Tennessee may have a bearing on the lo Honolulu and the Philippine Islands. cation of industries in this section. The bridge here and the reasons set forth for the completion of the project have been told and retold although it may be said that each time they have been recounted, they have proved beneficial rather than a detriment. Here is another angle on the case as it now stands. How would the building of a bridge across the Tennessee at this point develop ar argument for the bringing of additional capital, the employment of labor, greater industrial wealth?

The value of a bridge has been studied from the agri cultural standpoint and the transportation view, the in crease in the value of ends, but the phase of its import ance as having a bearing on the industrial situation has not been entered upon and explained to the readers of the Daily and the adherents of the bridge idea.

Industries are naturally looking for a location that is well developed, they may wish a location that is across the river from Albany-Decatur in Limestone county. The be cause for lament in these cities, the building of bridge will answer this problem and mean that both the "Broken Blossoms" will be reproduced in this section counties of Morgan and Limestone are to benefit great

> THE AMERICAN PUBLIC ENTITLED TO NEWS OF SENATE'S ACTION

The recent effort of the senate to make some of its actions secret will be no more successful than those in past years have been, in the opinion of Editor and Publisher. In the current issue of that periodical, the ef- development, especially with reference forts of the senate, particular of Senator Reed of Pennsylvania, is called "Secrecy's last gasps." The magazine says:

"It will save you boys the trouble of trying to find out what happened in an executive session * * * we can't remedy the present situation by trying to force newspapermen to disclose their source of information, nor by lecturing our own members," * * *

so the Honorable David A. Reed, United States Senator from Pennsylvania, conceived the brilliant idea of suppressing the news of secret sessions of the upper house at Washington by stripping inquiring reporters of all privileges-casting them into utter darkness for periods to be determined by the Senate Rules Committee.

When they begin to "save you boys "trouble," the trouble always begins. But so deep is the conviction among American citizens that the public's business must be done in public view that there is no danger at any time that newspaper reporters will bend to Senate muzzle rule. It often threatens, but it never succeeds. We have outgrown the old cloak of secrecy in public affairs and such measures serve merely to remind us that the executive session of

the Senate is making its last fight for life. Senator Reed convinces no one that the senate effor pre-war days dwelt four million of the most prosperous ment. Senators simply find, like ordinary folks have dispeople of Europe. The whole Ruhr valley is but little covered, that there is a great deal of difference in exlarger than the area of the combined counties of Colbert pressing opinions before the public and expressing them and Lauderdale, which will give the reader a concrete before an assemblage which is bound, more or less, to

It is of course highly improbable that the generation senate proceedure should be withheld from the Ameri-

Following the settlement in bankrupt court at Birmingham on Thursday it was made public that A. D. Cohen had purchased the entire stock of the Ory-Cohen establishment. The store will carry Mr. Cohen's name in the future, he having disposed of hisinterest in Gadsden and Anniston.

A settlement was effected Thursday when the creditors accepted 27 1-2 ents on the dollar and the firm will re-open here on Tuesday.

Mr. Cohen has been one of the outstanding merchants of the Twin Cities for a number of years and and areat number of friends who are pleased that he will again enter the business field locally.

Traffic Markers Taken Off Streets

The traffic markers on Decatur treets have been taken off the thorughfares, following a decision by the ouncil at its meeting last week to remove the signs.

The Right Hat For the Right Woman

From Order To You Can Quickly Limber U Sore Stiff, Swollen Joints

Even Chronic Rheumatic Swellings in knee, foot, ankles, arch, hips, elbow, shoulder or finger joints yield to the mighty powerful influence of JOINT-EASE.

It's here, right in town and every we druggist has it.

It's a low price remedy, to be sure, but that doesn't stop it from taking the kinks, lameness or torture out of

Joint-Ease is the name, so called because it is compounded solely for the purpose of relieving all joint ailments. Just rub it on the tormented, lame joints and in just a few seconds it will penetrate through skin and flesh straight down to the ligaments and tendons of the joints—right where the agony starts—Then blessed comfort omes quickly.

It absorbs instantly and is so that you can rub it on often and thereby results much more quie when the joint is inflamed and

Being such a powerful counter-i tant, it cannot help bringing ap and helpful results in congestion, throat, chest colds, lumbage and ralgia much quicker than almost remedy you can buy:

STALE BREAD ROUTED

PULLY-Jean Matti, a baker of this village, claims to have discovered said court, this February 6, 1925. a method of keeping bread fresh for two years. After bread has been baked in the ordinary way, Matti merely Feb. 6-13-20. puts it again into an oven which has a temperature of 104 degrees Fahrenheit. Experts who have investigated Made New Man Matti's bread say that specimens which he turned over to them 11 months ago are still fresh and edible.

Her Friend Says:

If she only knew that she could put on at least 5 pounds of good healthy flesh in 30 days she wouldn't be worrying about her peaked face, hollow cheeks and neck and run down looks.

She has tried Cod Liver Oil, but the ill-smelling, nasty tasting stuff upset her stomach and made her feel worse

Doctors and good pharmacists know that Cod Liver Oil is full of vitalizing vitamines that make flesh, creates appetite, restores vigor, builds up the power to resist diseases and chases away nervousness.

But it's horrible tasting stuff and every day fewer people are taking it for doctors are prescribing and the people are fast learning that they can get better results with McCoy's Cod Liver Oil Compound Tablets which over the country are having a tre-mendous demand for.

It is a wonderful upbuilding medi-cine for skinny, backward children, specially after sickness and 60 tabiets only cost 60 cents.

One woman gained 10 pounds in 22 days and if any skinny man or woman can't put on 5 pounds in 30 days your druggist will gladly return the purchase price. But he sure and get McCoy's, the CHURCHILL REPLIES

Out Of Him

Thought He Would Never Be Well Again Before He Used Herb Juice

"Several months ago I thought would never be well again. Today I feel like a new man, thanks to the wonderful results I have had from Herb Juice, and I can certainly rec-ommend this medicine to anyone," said Mr. Sam Massey of Donelson, Tenn., when he called to see the Herb Juice man a few days ago. "Before I used your medicine," continued Mr. Massey, "I was in such a rundown condition, brought on by years of suf-fering by stomach trouble, that I had given up all hope of ever being well again. I also suffered a great dea! with my kidneys and was badly constipated all the time. My whole system seemed to be full of poison, liver was sluggish, then to make matters worse, I began to suffer with rneumatism. I tried first one medicine, then another, but it was just the same -money spent for no relief.

Then I was fortunate enough by hear about Herb Juice, which I want to say to you is the greatest meaicine I have ever used. In all I have now taken three bottles of Herb Juice Albany Drug Co., and druggists all and I simply feel like a new man. My bowels act regularly. I eat all I want and never have any trouble with my stomach. My kidneys and liver are in good shape and I have gained several pounds in weight. I have also peen relieved of rheumatic pains. Herb Juice has certainly proved its value to me and I can recommend it

Tapan has built the biggest chimney in the world. It rises majestically like a monument to some fallen hero of the Samurai. On a clear day in cherry-blossom land it may be seen ten miles away, standing sharp against the

The chimney, located at Sagameki, is higher than the Amiens calhedral, the Great Pyramid, St. Paul's of London, and even tops the Washington Monument by 14 feet, Its height being 570 feet. It e constructed of reinforced conrete, the reinforcing bars being alled from rail steel, which is being used more and more in all building construction, particularly in America, because of the somy and the unsurpassed wality. The chimney's base is 18 feet, with a wall thickness of I inches, tapering to 7 inches at Japan, like other foreign counles, is requiring an increasing luma of rail steel for reining purposes. American rail seel mills are running full capacty to weet the growing demand from architects, engineers and others in the building industry.

"KEEP Your Credit GOOD"

Credit is a Commodity-- Too!

There is a vast difference between using—and abusing—credit. Credit is a convenience. Credit is an element which even the bank uses to advantage. Credit is a service factor in our national life.

The man with unlimited credit has more than money—because credit is based on character. So the people who extend you credit give tangible evidence of their confidence in your character. Keep your credit good by meeting your obligations promptly. It's an asset for you-to do so.

Loyalty to Friends Is An Admirable Trait.

Friendship itself is a wonderful thing. Maybe you have some particular friend in our line that you patronize. Well and good, but remember that it is your money that pays the bill. Our reputation in Albany-Decatur has been built on "Quality" and along with quality we have never forgotten that a fair price is just as essential to our success. Particularly on this score you will find that it pays you to trade with us.

THREE REASONS WHY

Your table needs can best be supplied here. First, the quality of our groceries—both the daily supply of fresh vegetables and fruits as well as our complete line of canned, package and bottled goods—is always such as will win your ready approval.

Secondly, our prices are always well within reason—oftimes lower than you can find them elsewhere.

And, third, it is our constant aim to render prompt and courteous service to every customer.

ANYTHING THAT'S HEINZ IS SAFE TO BUY

YOUR HEALTH

Let Digestion Rest If Brain Has a Big Job on Tap

By ROYAL S. COPELAND, M. D. United States Senator from New York. Former Commissioner of Health, New York City.

FAMOUS trial lawyer addressed the students of a great law school. He gave them a lot of and advice about the art of winning court . It struck me as wise counsel.

I was impressed with what the lawyer said of the ffect of a trial upon his own heait's, stating that he conduct of a trial was to him like a medicine. He found that when he was really ill, "a difficult case made a new man" of him and he was able to

I don't doubt this in the least. In my own life on COPELAND I have gone through a strenuous season, working day and night, and have actually gained weight. Some persons appear to thrive on hard

k. Why? Because the excitehe heart and clears the brain. It whether I have a broken rib? a gale.

orking mind."

That is splendid advice. It is good divice for everybody. It matters not find your business or calling.

If you are a teacher, a barler, a sanicurist, a clerk, a bookkeeper, a tenographer, a farmer, a milliner, a abilitype operator, a printer, a paintiple, a banker—it makes no difference hat you are, you cannot do your est during the atternoon if you overly your stomach with food at mid-are to drink between meals. Exercise freely in the fresh air. Sleep as many hours at possible in a well-went during the atternoon if you overly your stomach with food at mid-are to drink between meals. Exercise freely in the fresh air. Sleep as many hours at possible in a well-went at the blood must be distributed.

W. W. Q.—What is the cause of cold sweats at night while sleeping? 2.—How old must a child be before the adenoids and tonsils can be re-

A.—This may be due to too heavy bed clothing, lowered resistance, or to some intestinal disturbance. Try to improve your general health and see whether you do not notice benefit.

2.—This would depend to a great extent upon the existing conditions. It is better to wait until about the third or fourth year if possible, but if necessary it may be done at a mucl earlier age. The physician should be the judge of the proper

Interesting Meeting Is Held With Large Number Here

The Lay Leaders of the Decatur District met on Wednesday at the First Methodist church in an all day over the entire district were present Reverend R. T. Tyler of Athens. This personages of Dr. J. S. Cradwick of portance in the church affairs.

Chronic coughs and persistent colds lead to serious lung trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to Creomulsion is a new medical very with twofold action; it soothes seals the inflamed membranes and

cills the germ.
Of all known drugs, creosote is recognized by the medical fraternity as the greatest healing agency for the treatment of chronic coughs and colds and other forms of throat and lung troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and destroys the germs that lead to consumption.

Ceomulsion is guaranteed satisfactory in the treatment of chronic coughs and colds, bronchial asthma, catarrhal broachitis and other forms of throat and lung diseases, and is excellent for and lung diseases, and is excellent for g up the system after colds or Money refunded if any cough , no matter of how long stand-not relieved after taking accord-

Birmingham, secretary-treasurer of the North Alabama conference and deeply interested in the program of Christian Education, Dr. J. E. J. Brock of Birmingham, secretary of the Centenary Commission, and Dr. Cropper of Shelbyville, Kentucky who delivered the principal address on Christian education, Centenary pledges, and the lay program of the churches.

A feature of the meeting was the discussion of 'What should be our attitude toward missionary work in the Methodist Church concerning the Missionary Program?" This general discussion was participated in by session for the discussion of plans con- Reverend John S. Robertson, presiding cerning the church mission program, elder of the Decatur District, Revercentenary pledges and Christian edu- end Claude Orear, pastor of the First cation. A great number of pastors Methodist church of Decatur, and at the gathering. Notables in the discussion was inspirational and helpwork of the church were here in the ful, aiding in a matter of real im-

The ladies of the Missionary Society of the church served a delightful dinner to those present at the church meeting.

In speaking of the results of the meeting, Dr. Claude Orear said that it was inspirational and constructive, an enjoyable gathering attended by one of the largest crowds in the hisory of the organization.
